

VoIP My Way Letter of Authorization

Thank you for selecting VoIP My Way. Number Portability allows you to keep your current number while changing your service provider. Upon receipt of this form, we will start the transfer process and work with your existing carrier to transfer your number. The porting process typically takes up to 20 business days.

- 1) If you have distinctive ring, a PIC freeze, or a carrier change restriction, you must remove it prior to porting your number. If you make changes to features or services with your existing provider, it could delay or interrupt the porting process.
- 2) If you have a contract with your current provider that prohibits porting, you cannot port your number.
- 3) The service address and name on this form must be the same as the records of your current provider, or your transfer request will be rejected.
- 4) Do NOT call your existing carrier to cancel service while we are attempting the transfer, or you will not be able to keep your telephone number. (To ensure that your account has been cancelled, contact the carrier five business days after the transfer completes.)
- 5) VoIP My Way will need a copy of a phone bill, or account summary page, dated within 30 days of today, that includes the number to be transferred and the account holder's name.
